

Transport and logistical barriers in Papua New Guinea

How do we reach the unreached?

Using cargo drones,
we want to **connect** basic services
to the rural majority.

We facilitate drone transportation.

- Paperwork • Drone Supplier • Operation • Training

Traction: 1st Customer

Polio Outbreak!

U.S Centers for Disease Control & Prevention
Simulation of Transport of Vaccine

Lessons Learned

Global Context > PNG Context > Roadmap > Delivery of Small Cargoes

Traction: Milestones & Partnerships

Organisations that were briefly featured of their roles during the workshop sessions.

Congratulations Scratchers!

Scratch Co-Instructors

Utilization of Drones for Development in PNG

Challenges

Opportunities

- Medical deliveries for **1** Provincial Health Authority
- Drone Management Service for **1** mining company & **1** government authority
- Drone training for **2** mining companies, **2** government authorities & **1** tertiary institution
- Afterschool **C**oding & **D**roning for **K**ids at:
 - Waigani Central • **1** Gated Community • **2** Day Cares
